# Revival Strikes Ireland With David Nunn Party

Ireland must be reached with the gospel of deliverance. David Nunn and Associates are establishing a new center at Cork. Also a new church in Belfast is the result of the campaign.

## BELFAST REVIVAL REPORT

by Pastor David Duncan

It was a joy to meet Brother David Nunn again. We somehow felt that this was God's hour for Ireland. Words fail me to tell of the wonderful results of this campaign, and the way God used His anointed servant.

From the first night in "Kings Hall", when Brother Nunn stepped to the boxing ring, which was used for a rostrum, the presence of God filled the building. His messages held and stirred all people from all denominations—every word throbbing with the power of God. In spite of the opposition and the difficulties encountered at the beginning of the campaign, God overruled and gave us the victory. When the altar calls were given great numbers came down the aisles to receive Christ as their Saviour. Many declared they had never seen so many people come to Christ at one time, as God moved on the hearts of the people. Some people were saved in the hospitals, their loved ones sending word for prayer that they would be saved before passing away. Relatives sent the cap of one old man who was in a coma. Brother Dunn prayed over the cap, rebuked death for the time, and commanded consciousness to return to the old man. God answered with a miracle. The old man "came to" and was saved, then passed on to be with the Lord.

The marvels we beheld as this man, with a supernatural ministry, prayed for the sick and suffering. Instant miracles were witnessed night after night. The blind received their sight, the deaf heard, the lame walked again, deafmutes heard and spoke and short limbs were lengthened. We were thrilled to see the gift of the Word of Knowledge as God revealed different things about the people to Brother Nunn, and in turn their faith was inspired to new heights and deliverance wrought.

David Nunn

Deaf. Seventy-nine years of age. Healed.

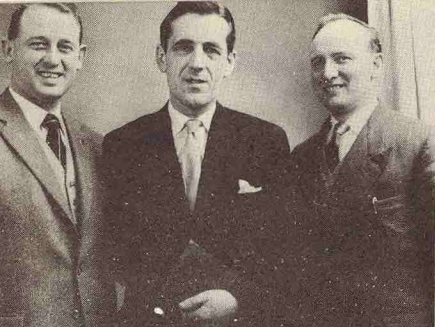

We shall never forget the great Holy Ghost rally. Scores received this great experience that had never heard it preached before. The nominal church groups received this great inducement from on High. Oh, our hearts are thrilled

at what our God has done for so many who were saved, healed, delivered and filled with the Holy Ghost. Truly we have seen great things whereof we are glad. Revival is with us, for God has visited this people.

Unable to walk for three years; walked out of the hall unaided.

Totally blind; can now see.

## At Monagh As Many As 50 Received Baptism Of The Holy Spirit In One Service

Without the benefit of sponsorship David Nunn began the meetings in the King's Hall in Belfast and then moved to the Orange Hall in Armagh, a city near the border of Southern Ireland. The crowds came to see the power of God in action. In this city of Armagh the audiences grew until they were standing on the steps and all the way to the street. As many as fifty received the Baptism in one service, scores were saved, mighty miracles were wrought by the power of God.

All churches benefited by this campaign, Methodists, Church of Ireland, Presbyterian and many others as their members declared God had healed them of deafness, arthritis, varicose veins, tumors, etc. A small child who could not walk except on his toes was marvelously healed and could walk normally.

Besides this, another important step was taken. The money that was over the expenses was kept in Ireland for Ireland. Over five hundred fifty pounds was left with the committee that Brother Nunn formed there for the purpose of evangelizing the south of Ireland. Beginning in July a young man shall go to the city of Cork, to begin a work there for God.

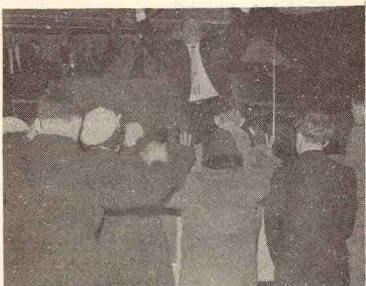

I request the readers of this, to pray for a suitable building to be available for this young man, and that God will give favor in this city. Any money sent for this work, should be sent to WINNING THE NATIONS CRUSADE, designated for Ireland.

Seeking salvation—20 saved.

#### IMPORTANT NOTICE

The Winning the Nations Crusade is unique in that it works on a cooperative basis with many groups which have a vision of world evangelism. While the crusade does assume complete financial responsibility of certain projects (as the Manila Campaign) in general its design is cooperative. In all cases the evangelist is encouraged to raise as much as he can on the field and personal supporters should continue their regular giving. Although overseas mass evangelism is revolutionizing missionary work, its cost is inevitably heavy. The evangelist, beside his fare, has his regular home expenses to maintain. Moreover of vital importance is the building of shelters and churches to take care of the converts. The purpose of the Winning the Nations Crusade is to share, not to completely underwrite, responsibility of reaching the nations through mass evangelism.

# What Now of Israel?

GORDON LINDSAY

A FEW weeks ago we visited Jerusalem—the city which Isa. 2:2-4, declares, will someday be the capital of the world. During our stay there we walked among the trees of Gethsemane on the slope of the Mt. of Olives (now guarded against tourist vandals who cut branches from the trees, some of which have been there, it is said, since the days of Jesus.) We stood on the sacred soil of that hill called Calvary where once flowed the blood of the bleeding body of our Saviour, and we knelt at the nearby empty tomb from whence our Lord Jesus Christ was gloriously resurrected. Altogether it is a city whose scenes and associations fill one with awe when they visit it.

As we traveled over Israel, our thoughts were concerned with events now occurring in this land that is so soon to become the focus of world developments. A land which even now is under travail, and where soon on its plains of Megiddo, the armies of the world shall meet in head long collision. A land which must shortly go into the very furnace of testing.

In the following paragraphs we shall discuss some of the important prophetic developments that are taking place in this land of Palestine and their significance. We shall also note that Old Testament prophecies are giving the clue to the discovery of important natural resources. We believe the time is at hand for action in Israel, and we pray that God's people may be stirred to a new burden of prayer for this nation.

## OIL IN THE NEGEB!

One of the most momentous items of news is the oil strike in the Negeb, the first in the history of Israel. In the song of Moses which were the last words of that prophet, we read, Deut. 32:13, "He made him ride on the high places of the earth, that he might eat the increase of the fields; and he made him to suck honey out of the rock, and oil out of the flinty rock." The verse speaks of oil out of the rock, in the land of Israel!

All through the Mid-East lie vast deposits of oil, but until now none had ever been found in Israel. The Jews reading this Biblical passage were inspired to continue the search, although the British, during the time of their mandate had failed to find anything but dry holes. Now the search has paid off, and Israel has found oil not far from the troublesome Gaza strip on the Egyptian border. The drill that was boring, suddenly exploded skyward and was followed by "oil out of the flinty rock!"

The finding of oil is of tremendous significance. It is quite possible that under the layer of rock lies a pool of oil comparable to those found in Kuwait and Iraq where two-thirds of the world's proven resources lie. If so, it will doubtless become a magnet of attraction to the Beast Power which shall overrun the land at the time of the end. (Dan. 11:45--12:1)

## BIBLE LEADS WAY TO DISCOVERY OF MINERAL WEALTH

While we are speaking of the development of the resources of Israel, we must mention the find of Dr. Nelson Gluck, President of Hebrew Union College. He had noticed God's promise that iron and brass would be found in the land of

Editor takes photograph of Brother Grant and Brother Bender as they stand on the path that leads up to Calvary.

Israel. Deut. 8:9, "A land wherein thou shalt eat bread without scarceness, thou shalt not lack anything in it; a land whose stones are iron, and out of whose hills thou mayest dig brass."

Israel desperately needs these strategic materials. Dr. Gluck spent many years in the Negeb searching for the elusive ores. Then one day he discovered the lost copper mines of Solomon which had helped make that king, who lived some 3000 years ago, a wealthy monarch. Today at Timna, site of the Biblical Copper Mines, in the once stillness of the desert, there has arisen a booming and bustling smelting industry.

Modern Israel is badly in need of iron, a basic requirement of today's civilization. Was there any in their own country? Dr. Dor Joseph, Israel's former Minister of Development, upon reading Deut. 33:24-25, in which Moses said to Asher, "Thy shoes shall be iron," was convinced that iron was there. Recently inspecting a newly discovered vein of iron ore in the hills of Galilee in Northern Israel, Dr. Joseph was approached by one of the mine workers who produced a map showing the mine to be in the land of Asher. The old man looked up and said, "And here, sir, we have found the iron Moses promised us."

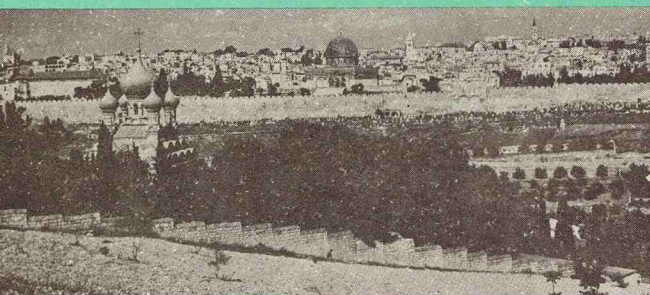

## WATER IN THE DESERT

To develop the Negeb, water was needed. Alas, it appeared that no water was there. But during the time of the wandering of the Children of Israel in that area, we are told that the people had water. "From thence they journeyed unto Gudgodah; and from Gudgodah to Jotbath, a land of rivers of waters." And so today as the Bible indicated precious water has been found in the center of bleak Negeb. (Deut. 10:7)

## NEW FLOOD OF IMMIGRANTS

Recently a flood of new immigrants began flowing into Israel in fulfillment of God's promise to gather them back to their land in the last days. At Tel Aviv's Lod Airport from where we took our plane out, there arrive 200 immigrants a day! These immigrants are coming from Communist Romania. Why are the Communists permitting this mass immigration? There are two reasons: while the Communists have no love for the Jews, nevertheless they are rebuking Nasser's recent attack on their activities in subverting Iraq from Egypt's orbit. The

Our party viewed the city of Jerusalem from the Mount of Olives, at or near the spot where Jesus wept over the city. Left foreground: Garden

second reason, of course, and real reason, which probably is unknown to either Russia or Nasser, is that prophecy must be fulfilled. It is the hour for the Jew to return to Palestine. Ezek. 36:24, "For I will take you from among the heathen, and gather you out of all countries, and will bring you into your own land."

In permitting what is estimated to be 100,000 Romanian Jews to return to Israel this year, Khrushchev is reminding Nasser that he has power to return nearly three million Russian Jews to that country!

Nasser's plans for a future war of extermination against Israel is easily seen from his statement in his recent book, **THIS IS ZIONISM**: "The war between us and Zionism has not yet ended, and perhaps has not yet even begun. For us this war of tomorrow or the near future means the ending of a disgrace, the realization of a hope and the regaining of rights."

In the captured top secret directives to the Egyptian Army, is the statement: "Every commander must prepare himself and his soldiers for the important battle with Israel in which we are fully immersed, with the aim of realizing our lofty tradition, to overpower and destroy Israel in the shortest possible time, and with the greatest brutality and bestiality in battle." The spirit that activated Hitler against the Jews is clearly seen to be reborn in Nasserism.

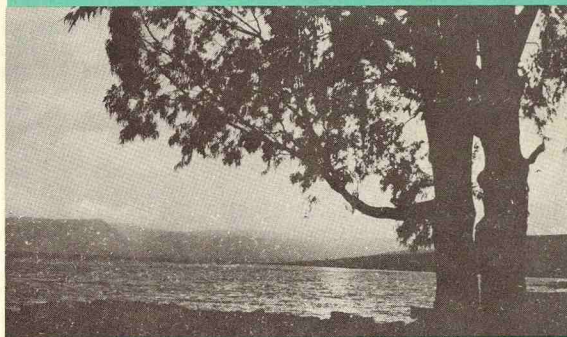

### WHAT MUST NOW BE DONE?

It is true that no great revivals have yet developed in Israel. Bound in the grave clothes of Judaism, the people are blind to the call of the Gospel. Only a few small gospel missions exist at present in this nation. If a Jew there is converted, where can he go? Who will give him a job? The fact is, such a one is considered a traitor to his race.

However, God has an answer. We can reach the ear of the masses through the one door that is slightly open. The Church message as such, has little effect. That door is apparently closed, despite the expenditures of large sums of money to try to open it. The one door that is open, if but slightly, is in the Messianic approach. The hope of the coming of the Messiah has never altogether died out in the Jewish heart. (John 4:25). And dispensationally this is the hour when this people who once rejected Christ and who were cut off from the "olive tree" are to be given opportunity to be grafted back in.

"And they also, if they abide not still in unbelief, shall be grafted in: for God is able to graft them in again. For if thou wert cut out of the olive tree which is wild by nature, and wert grafted contrary to nature into a good olive tree: how much more shall these, which be the natural branches, be grafted into their own olive tree? For I would not, Brethren, that ye should be ignorant . . . that blindness in part is happened to Israel, until the fulness of the Gentiles be come in. And so all Israel shall be saved."

# WINNING THE NATIONS CRUSADE

## The Story of the Work and Ministry of The Voice of Healing

FOR MANY years as an evangelist on the American field, we held campaigns in various parts of the country, and had excellent opportunity to observe the general state of evangelism as it existed at that time. The truth was, we were eventually compelled to admit, that evangelism had declined and was only a weak force in our nation. Weekday audiences rarely ran over a hundred, and it was an exception if there were more than a half dozen sinners in the congregation. Evangelism was not taken seriously by the people.

### THE MINISTRY OF THE SUPERNATURAL

Nevertheless we were certain that God had a plan, and the more that we considered the matter in the light of God's word, the more our convictions deepened that the answer to a new powerful evangelistic effort that would reach not only America, but the nations of the world, was a return to the ministry of the supernatural. Jesus said, "Go ye into all the world and preach the gospel to every creature," but He also said, "And these signs shall follow them that believe." The "signs" were the authority of the ministry that would reach the world.

Shortly after the late war, God began to speak to the church. He was telling His people that if they were to fulfill the Great Commission it was necessary for them to return to the supernatural ministry. About this time the Lord led us, with the assistance of certain other faithful brethren, to found THE VOICE OF HEALING MAGAZINE, to publicize the supernatural ministry. God began to raise up men of faith who had special gifts of the Spirit, especially the ministry of healing. Strange it was to some, that these were not men of renown in the church world, nor had they received university degrees. Their message was gladly received by most of the people although from some they met with persecution. THE VOICE OF HEALING magazine became the organ in the providence of God, to champion this ministry, and bring this message of deliverance to the attention of the people. Around THE VOICE OF HEALING, men of faith rallied for strength and encouragement in fulfilling the ministry God gave to them.

### THE RISE OF SUPERNATURAL EVANGELISM

It became our privilege at that time to bring before the attention of the peo-

ple of America, many of these specially God-anointed ministries. Soon in every major city of America, revivals moved out of the little buildings into large auditoriums and tent cathedrals.

### EVANGELISM OF FOREIGN LANDS

The ministry of miracles proved to be the means of reaching multitudes in America. Was it the ministry that would do the job in other lands? For many years we had a deep desire to see a great move on the mission fields. However, without a miracle ministry the job was not an easy one. In fact, the progress of missions over the years has been painfully slow. Would not the miracle ministry be just the means of reaching the masses in foreign lands? Early in 1949, we made a trip to Mexico unannounced with the one purpose of seeing the effect of this ministry in an area where missionary work was more or less at a standstill. The result more than fulfilled our expectations. People came from every direction to attend the meetings, and after they had witnessed the miracles, they were quite ready to turn to the Lord Jesus Christ as their Saviour and this in great numbers.

### THE PUBLICATION OF FAITH LITERATURE

One of the things we felt at the time was that was sadly needed, was the publication of faith literature. Many of the books found in even our Full Gospel bookstores were not really faith books at all, but more or less taught what might be called the "doctrine of invalidism." People were to reconcile themselves to sickness and disease as the gift of a Heavenly Father who being infinitely wise, often sent cancers, tumors, T.B. to people as a love token, a blessing in disguise. This kind of teaching of course, was one of the basic causes for the lack of faith in the hearts of many Christians. We felt that God would have us do something about this, and from this vision has been built a publishing plant that has printed and circulated millions of faith books all over the world. Indeed the publication of faith literature has become one of our most important ministries.

Recently this ministry has been augmented by the institution of a world correspondence course for the purpose of bringing the dynamic truths of the Bible to people all over the world. It is designed so that a few minutes of study each day will give the student in the

course of time, a knowledge of the great Bible subjects. This course is available to all prayer warriors and donors of our Winning the Nations Crusade, without cost.

### VOICE OF HEALING HAS BEEN THE SOURCE OF INSPIRATION FOR MANY MINISTERS

While an ever-increasing work of world missions radiates out from THE VOICE OF HEALING directly, it also has been the inspiration for many other great faith ministries now operating independently. We have been, we believe, generous in encouraging other faith ministries and some have been helped substantially in their beginnings. We realize that to get the job done there must be many laborers in the vineyard. As Jesus said, "Pray that the Lord of the harvest will send forth laborers into His vineyard."

### RADIO IN FOREIGN LANDS

While there are as many as a dozen or more radio broadcasts that are on the air each day of the week in most cities of America, yet in overseas lands, with a few notable exceptions, there are practically, no such regular daily programs—that is programs that carry the ministry of deliverance. We have felt that there should be regular radio broadcasts in many nations of the world, not once a week, but daily. For this reason we have been for years supporting a daily radio network that is covering much of Central America and other Spanish countries. Plans now envision the coverage being extended to all of Latin America. The radio is another great tool in our program for mass revival.

### ORGANIZED INVASIONS OF MASS REVIVAL FOLLOWED BY THE BUILDING OF REVIVAL CENTERS

The time has now come, however, when we must organize to reach whole nations at a time, through "gospel invasions." The recent Philippine project shows that it can be done. Many other countries are now opening up.

These invasions must be followed by the building of revival centers to take care of the converts. The development of such projects under the "revolving fund" principle, is the most important need of the hour. We must continue to see great campaigns in the large cities of the world, but they must also be followed up, by the building of revival centers.

One of the Week night services in the W. V. Grant Revival at the Philadelphia Evangelistic Center. Although it was raining, the Spirit of revival rose high. There were, actual count, 367 people came forward, confessing they were sinners, and gave their heart to the Lord, this one night. It is impossible to know the exact number of the hundreds of conversions and the many people who were filled with the Holy Ghost in this revival. A lady who had been blind in both eyes for five years testified that she could see perfectly. A man who had been deaf in both ears for many years could hear normally. A lady saw instantly and perfectly with an eye which had been blind for years. A man could hear instantly with an ear that had been deaf for about twenty years, although the ear drum had been removed during a mastoid operation. Many stiff joints were instantly healed. The sense of smell was restored. People breathed through their nose for the first time in years. Growths disappeared. Only eternity will reveal the lasting effect of this revival.

By W. V. Grant

Jesus told two people that they had great faith. Both were Gentile people. Both believed for healing at a distance. Both wrote their own tickets, as to how they would accept healing. Both proved that you may decree a thing and it shall come to pass (Job 22:28); that you may have whatever you say (Mk. 11:23); that it can be unto you even as you want it. Both sought healing, and believed for others!

First, we see that a woman from Canaan asked for mercy for her daughter who was vexed with a devil. She asked for mercy and received healing, which proves that mercy is healing and healing is mercy. (If His mercy endures forever then His healing must endure forever!) The disciples wanted to send her away. I suppose it was because she did not belong to their group. People today are not so much interested in people who do not belong to their church.

Jesus told this lady that healing is only promised to the children. Although Jesus did not promise healing to this woman's daughter, she decided that she was going to keep asking until she received it anyway! It was she that made that decision, and Jesus met her demands. She wrote the ticket and Jesus filled it! Her daughter was delivered! Jesus said, "O woman, great is thy faith: be it unto thee even as thou wilt" (Matt. 15:28).

If a woman, who is not a child of God, may write her own ticket and receive healing at a distance, when healing is not promised, then we surely can receive heal-

ing, which is the children's bread, according to the Scriptures and which cannot be broken!

I was traveling along the road and saw many trailers for rent. You could save money on these "U Haul" trailers, because you could take the trailer off to the west coast for instance, and leave it. You did not need to return it, for the "U Haul" company out there was the same company. You could just leave the trailer with them. It is the same way with the Lord. He is everywhere, on the west coast and on the east coast. What difference does it make?

In Meridian, Mississippi, a lady came into the tent meeting and asked us to pray for her daughter who was on the west coast. Since God was no little God, and since He was present in both places, we just asked Him to heal her daughter nearly three thousand miles away. The next morning that daughter wrote her mother a letter with the hand that had been paralyzed the day before! She was healed, proving there is no distance with the Lord.

I wanted to send some money up near the east coast. I learned that I could send that money by telegram in a matter of minutes. Since it was the same company I could pay the company here and the company there would immediately pay the man for me, there on the east coast! It is the same way with the Lord. I was in Bangor, Maine; Mrs. A. from Hot Springs, Arkansas, phoned me and asked me to pray for her husband, who was dying with heart trouble. I told her that

we would pray at 6:00 o'clock Central Standard time. At 6:00 o'clock God healed her husband and saved him! He left the hospital and is still running his business after several years! We wrote the ticket. God accepted it as we wrote it!

The other person who Jesus said had great faith was a centurion in Capernaum. Some people came and told Jesus that the Centurion was worthy because he had built a synagogue. This Jesus ignored. The centurion came and told Jesus, that he was not worthy, that his servant was grievously tormented. Jesus said, "I will come and heal him." But the centurion wrote his own ticket. He decided that he would believe for something that had not been written, that had not been promised. He was not one of the children. He decided that he would believe for healing at a word, at a distance.

Did Jesus rebuke him? No, Jesus commended him. He marveled! He said that this centurion had more faith than any one in Israel! (Matt. 8:10)

In the meeting in Clovis, New Mexico, a lady came and asked me to pray for her sister in the nervous hospital. We agreed that she would be healed. Five days later she went to see her sister and learned that she had been well five days! She brought her home. Jesus says, "If two of you shall agree on earth as touching any thing that they shall ask it shall be done for them." We were on earth. The woman at the nervous hospital was on earth. We agreed. God did it. Six years later I was back in Clovis. That lady came to me and said her sister was still well.

Wherever I went, in Jerusalem, Rome, or Hong Kong, there were people there from America. They would pull their credit cards out and sign their name. That was the same as money, to the business men. They could buy as well as they could in America. Their credit was good all over the world. I could pray while I was in China for something to be done for someone in America. God would honor that ticket I wrote over there and do things for me in America. There is no distance with Him. His arms are not short!

The Nobleman received healing for his son at a distance. I find in the Bible that the woman with the issue of blood did a new thing and said within herself, "If I may but touch his garment, I shall be whole." She was healed from a killing disease.

Jesus did not say that. She did! She wrote her own ticket. Jesus honored it. Pan American gave me a ticket here. It was honored in Hong Kong. It was the same the world over! Pan American was there. Pan American is here—God is here. God is there—we pray. He answers there!

The woman did not pray. In Mark 11:23, Jesus did not say you could have what you pray. He said that you could have what you say.

Yesterday one of the greatest men of God I know of came from the West Coast and told me that God healed at a distance when we wrote our own ticket, as we were nearly two thousand miles away. The following is what he told me in his own words. I hope it blesses your soul and body as it did mine:

I am Rev. C. H. Asher. I was pastor

of LaMesa Gospel Tabernacle in LaMesa, California, for about four years and after four hard years of labor, I had a heart failure on June 30, 1958. Not knowing what it was, I went to our Saturday evening prayer meeting and conducted prayer meeting that evening. I preached Sunday morning at the 11:00 o'clock service and also the Sunday evening service, and attended the youth rally Monday evening. Tuesday I had another failure and my good wife, who has stood by me all these years, wanted me to go and be examined by a physician. I finally consented, and they had me rushed to one of the best hospitals in the San Diego area.

After I was taken there I had thrombosis (heart attack). They had three doctors with me. The doctors and nurses said I wasn't going to live, but I lived through the night. My fingernails and toenails had turned blue. The doctor told my wife they had better call the children. For I was not going to be there much longer.

I lingered between life and death for three months. Practically all of that time I was under oxygen. The doctors said I didn't respond to any kind of medication. After about three months flat on my back lingering on the border of death, I had my wife call Bro. W. V. Grant in Dallas, Texas to pray for me. He said for us to pray at a certain hour (6:00 o'clock P.M.). That night I was under the influence of high anesthetic. Normally I would not have awakened until about 4:00 a.m. But at 1:35, I called my wife and told her the angel of the Lord had appeared to me. He showed me my heart, he said I had a diseased heart, one side of it was diseased, the other side was healed. He said,

"I am healing your heart." He also said that my ministry would be teaching, instructing and counseling. He said for me not to let anyone raise me up for three days and nights. They had been raising me up to about a 45 degree angle to eat. He said for me to eat lying flat on my back—to eat my bread coated with honey. As he started to leave he told me he was the angel of the Lord. Oh that was a glorious occasion in my life. An angelic visitor from the excellent glory world right by my bedside, with his healing power and influence. So I knew that it was a true angel. After three days obeying the angels orders, I began to gain strength and I have been gaining strength ever since.

Now I am back in the ministry of the Lord Jesus Christ, endeavoring to tell the people about the love of Christ, the good news. Oh! Christ's gospel is good news to those who are bound in sin. Jesus came to bind the broken. He is nigh to those who have contrite heart. Jesus also said on one occasion for us not to let our hearts be troubled, to believe in Him, put our trust and confidence in Him, to rely upon Him and to believe Him! He is the healer of all our diseases. Bless the Lord, Oh my soul, who forgiveth all our iniquities and healeth all our diseases. To those of you who have heart trouble put your trust in God and read His Word and take it as a message from God to you. Because in it is life and strength. Jesus said "The words that I speak to you, they are spirit and they are life." He is the resurrection and the Life. Oh, thank God that Jesus Christ is the same yesterday, today and forever.

## W. V. GRANT FULL GOSPEL BOOKS

### POWER FROM ON HIGH

A Baptist Preacher writes:

"WHILE I WAS READING THIS BOOK TO MY MEMBERS THREE OF THEM RECEIVED THE BAPTISM OF THE HOLY GHOST."

These books on the Full Gospel experience are written by a man who has seen many hundreds of people receive the Holy Ghost in a single meeting. You need this library in your home at all times, to help you to help others to receive this experience instantly.

### THIS IS THAT

An Assembly of God Minister writes:

"I read this book to my audience one night and twelve of them received the Baptism of the Holy Ghost instantly."

"Two of my members received the Holy Ghost while I was reading this book to them."

There was an average of about 100 each week received the Holy Ghost for seven years straight in Brother Grant's meetings as he presented these truths.

### IF YOU NEED THE HOLY GHOST

A Presbyterian Lady Writes:

"WHILE I WAS READING YOUR BOOK MY TONGUE BEGAN TO GO. IT HAS BEEN GOING FOR THREE DAYS AND NIGHTS. I WANT TO KNOW HOW LONG IT WILL BE BEFORE I can talk in my own language again."

A young man and his pal both were filled with the Holy Ghost behind the prison walls recently while reading this book. Forty-five minutes after a Baptist Minister read it he received the Holy Ghost. You need these three volumes to build your own faith and get ready for the world wide outpouring of the Spirit.

# Winning the Nations Crusade Gathers Momentum

## CRUSADE IN THE PHILIPPINES CONTINUES

As our readers know, several teams remained in the Philippines to continue the crusade there after the Great Commission Congress in Manila was finished. Reports from these teams continue to come in, which are very encouraging.

### THE TAY TAY MEETING

The Reid party went to Tay Tay at the invitation of David Candelaria, pastor of the Tay Tay Methodist Church. David Candelaria writes.

"The crusade was held in our spacious Methodist Church and soon its auditorium was packed and jammed with people in every aisle, and people outside looking in.

"The great crowds were only an indication of the greater work God was doing. Miracles in abundance every night. One young man around eighteen years of age had a leg that was full  $3\frac{1}{2}$  inches shorter than the normal leg. Before the startled eyes of the congregation the leg grew a full  $3\frac{1}{2}$  inches.

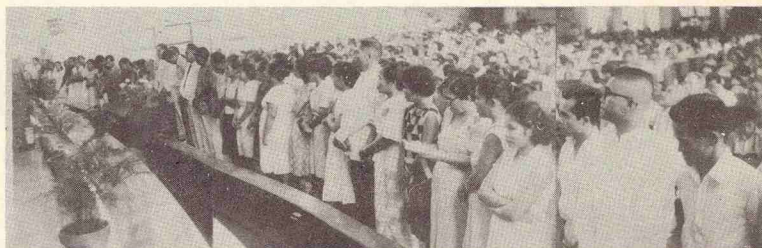

"Hundreds of people came forward to accept Christ as their Saviour. This meeting stirred the entire community, and news of the healings spread around the whole area."

### "MANY CONVERTS COME INTO BETHEL TEMPLE IN MANILA," WRITES AL REID

"Bethel Temple will never be the same! Hundreds of new faces are present in every service. On Sunday the main floor of the auditorium is filled to capacity, and the balcony is almost always host to a capacity crowd. This is quite unusual, as this is the summer season in Manila. Many Sundays witness one hundred and fifty or more people responding to the altar of salvation. The Sunday School on two occasions has totalled over 2200. Many converts desire to join the church but they are carefully examined before we permit them to do so."

### REPORT FROM SAM TODD WHO VISITED SYNGMAN RHEE IN KOREA

We have just received word of important developments from Sam Todd who has returned from campaigns in Korea and the Far East. God has opened the doors of Korea to him, and while he was there he had personal interviews with Syngman Rhee, President of Korea, and other high ranking statesmen of that nation. Brother Todd reports that the leaders of this nation are ready for a real

"gospel invasion" of that country, and have promised moral support in every way possible. Sam Todd has conducted some of the most outstanding campaigns Korea has ever had in its history, and now the way appears open for a great move in that country.

### IMMEDIATE PLANS OF THE WINNING THE NATIONS CRUSADE

The success of the "Philippine invasion," confirms our convictions that we must invade the nations with simultaneous campaigns of mass revival, and follow them up with large Gospel Centers to take care of the converts, and, to promote revivals in adjacent areas. Two most important projects are now in preparation:

One is the coming mass gospel invasion of Latin America, and second, the Israel Crusade. We have already made tentative arrangements for a program of reaching the people of this Bible land. Elsewhere in this issue is an article on the rapid fulfillment of prophecy in Israel. We are convinced that we must do something substantial in that country soon. Two things seem most important for Israel at this hour. One is getting a regular special Jewish radio broadcast started. The other, is to initiate a Messianic literature campaign that will bring the truth of Christ the Messiah, to this people. The hope of the coming of the Messiah, is the one door that is open to the hearts of the people of Israel.

On page seven is information on our new World Bible Correspondence Course. We are now just beginning our second course, a comprehensive study of *Satan, Fallen Angels and Demons*. This course will be of great value to our friends and partners in The Winning the Nations Crusade. It gives complete information on Satan and how to defeat him. Remember, this superb Bible course on Satan and other courses to come, are without cost to all our prayer warriors and donors to our world evangelization

program. Your offering this month will go to help finance this coming Israel Crusade. Prayer partners, we need your prayers and assistance in this important venture of faith in Israel. Let us hear from you today.

### FLASHES FROM THE WINNING THE NATIONS CRUSADE

Raymond T. Richey has returned from the Philippines. As one of the Gospel teams of the "Philippine invasion" he went to Cebu. He reports excellent results in that city. A large tabernacle is about to go up in Cebu under the leadership of Ernie Reb, who has worked hard to get a revival center in that city.

### CRUSADE BROADCAST IN SPAIN

Since no missionaries are allowed to enter Spain, the Winning the Nations Crusade has kept a regular broadcast for four years beamed into that country from Tangiers, which is right across from Gibraltar. Hugh Jeter who conducts this broadcast, reports a steady increase of interest. Many reports of conversions, as the result of the radio messages, are coming out of this country.

Sam Todd

## Sam Todd's Mission to Korea and Visit with President Syngman Rhee

Syngman Rhee, with whom Sam Todd had a private interview relative to plans for evangelizing Korea.

As the great plane crossed the Sea of Japan and moved over the patchwork of innumerable small fields, Evangelist Sam Todd states that he felt a mixed thrill run through his being. Below them was Korea! Down there 30 million human souls struggled against the overwhelming forces of sin in a thousand forms; fears of every kind tormented their minds and disease in a multitude of forms preyed on their bodies!

Below, there were hundreds of forgotten villages in the hidden recesses of the rugged mountains and narrow valleys. Yet every human being in every village on every mountainside and in every valley was a living soul.

### GOD HAD ONLY ONE SON AND HE WAS A MISSIONARY

What a challenge! What a responsibility! What an opportunity! Brother Todd stated in the interview that his heart cried out, "Oh God, fill me with the missionary spirit that filled the First Missionary of the Universe." I thought of those 30 million hearts below us who for the most part had lost faith in their ancient, heathen philosophies. Now they wait in an intellectual and spiritual vacuum for either the message of Christianity or godless Communism.

### A TIME OF DECISION

Following the revivals of 1956 and 1957, the Christian world in Korea is being swept with strong currents of evangelism and anti-evangelism. Some leaders are taking surprising stands against Bible Revival. God is trying to send a truly great Pentecost to Korea.

Brother Todd was in Korea on this trip to specifically get the facts on the need of a great revival Center in the Capital.

While in Seoul, Brother Todd was asked to conduct a two weeks revival in one of the largest Christian churches in the nation, the great Sung Dong Presbyterian Church, whose pastor is completely committed to a revival message. This Church seats two thousand people and Brother Todd told of seating 1500 to 1800 sitting in the church listening intently to Christ's message of Deliverance when the temperature outside was near the freezing point. Within there were two tiny stoves around which the

elderly were permitted to huddle.

There in that great Church Brother Todd poured out his heart for two weeks twice each day. Morning and night the people came in spite of the cold until the building was literally running over with humanity. It was estimated that the total response to the invitation to accept Christ reached many thousands. Scores and scores testified to being healed from many ailments. One Presbyterian preacher was healed of a paralyzed arm after many years of suffering and uselessness.

### OPPOSITION MOUNTING

Even during the services strong efforts were made to stop the meeting by bringing pressure on the pastor from high ecclesiastical levels. It is very evident that the hour of decision is come. Pastors and other leaders as well as churches and individuals are having to decide if they will back real, New Testament revival, or if they are going to align themselves with a watered-down version of Christ's message. Brother Todd stated that he had never seen a greater hunger for a message of Deliverance than there is in Korea. There is a pressing, tragic need for a great revival center where people of all faiths and no faith can receive the Word of Life.

Such a place, he feels along with many others, should be located in the heart of the down town area of Korea's Capital city, Seoul, with its nearly 2,000,000 souls.

### INVITED TO SEE PRESIDENT RHEE

God is opening great avenues for action to Brother Todd in this strategic hour in Korea. While in Seoul this time, he was invited to the presidential palace, the Korean White House, to confer with President Rhee. And since returning to the States, he and Mrs. Todd have entertained Lieutenant Kan Suk Rhee, the President's son, in their home in Georgia. The president readily asserts that the future of Korea is tied up in not only preaching Christianity, but in LIVING it. "Tell the churches," he said to Brother Todd, "to stop fighting each other and go to preaching the message to the people." Also, Brother Todd was honor guest at a luncheon given by Speaker and Mrs. Lee of the Korean Congress. They too were delighted to know of the plans for the great inter-denominational center in down town Seoul. Brother Todd along with many other leaders is convinced that this is the only way to bring continuous revival to Korea.

Korea and Hong Kong are the two great free nations of the Christian world on the perimeter of the Red World. In both areas Brother Todd was used of the Lord to help promote Bible Deliverance Revival during this trip. During two weeks in Hong Kong thousands heard the message and many hundreds testified to accepting Christ as saviour and scores were healed of many ailments and sufferings.

# THE MARCH OF PROPHECY

(A feature to keep reader currently informed of world events which have unusual prophetic significance.)

## MAN SIGNALS VENUS—A TOTAL DISTANCE OF 56 MILLION MILES!

On March 20, came word that the Massachusetts Institute of Technology announced that they had "bounced" a radar signal off the Planet Venus, a round trip distance of some 56 million miles! This is by far the greatest distance in which man has succeeded in intercepting a radio signal. Radio waves travel at a speed of 186,000 miles per second. That means that about five minutes were required for the signal to go and return. Man's effective range of communication has thus been pushed a hundred times farther into space.

## THE U.S. COSTLY RADAR WARNING NETWORK MAY SOON BECOME USELESS

It is common knowledge that the U.S. and Canada at the enormous expense of many billions of dollars have built a radar network in northern Canada to provide warning against a Russian attack from over the pole. A new development may render this costly and elaborate equipment worthless. Last summer the U.S. detonated three atomic bombs at an altitude of 300 miles. Within an hour the earth was enveloped in a curtain of radiation. This curtain acts to mess up radio and radar frequencies in such a way as to blank out all communication. U.S. News and World Report declares that it "can destroy the effectiveness of early warning systems and missile tracking devices." Thus we see that as fast as man invents devices that will protect him from atomic destruction, another invention renders it worthless.

Perhaps the most fantastic thing about this experiment was that it was suggested by a Greek immigrant who was not taken seriously by scientists here in America. He was so persistent however, that he finally got a hearing on his theories of what would happen if atomic bomb explosions were made in outer space. The tests were conducted and his theory was proven true. This means that a few high-altitude atomic bomb explosions by Russia could render ineffective all warning radar networks when the hour of a planned surprise attack drew near.

This demonstrates once more that there is no true protection against the forces of destruction that now exist in the world—save the one found in the 91st Psalm: "He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty. . . . Ten thousand shall fall at thy right hand,

but it shall not come nigh thee." (Psa. 91)

## PANIC IN LONDON

What will happen in the world when these forces of destruction now held in leash, are let loose upon the world? What will be the reaction of the people?

A few weeks ago in London, a British television drama had just started when the program was interrupted with a flash message given in ominous tones: "We are interrupting the program. . . . Tonight a new and terrifying satellite has been launched in outer space! . . . It hangs stationary over London! Here it is seen from a camera on top of Television House." A dim sputnik-like object appeared on the screen and the announcer continued. "Is this an enemy space platform? The Prime-minister has called an emergency Defense Council Meeting. . . ."

People just tuning in not knowing it was only a television drama were terrified. Emergency calls came from all over the city. Women fainted in front of the television sets, others rushed out into the streets crying the alarm. One man phoned for help, saying, "My wife is suffering terribly from shock. I cannot pacify her." Physicians complained of the effect on their patients.

A similar incident happened in America in 1938, during Orson Wells' broadcast of the "War of the Worlds." Panic spread all over the East, and some were injured in attempted flight to safety.

What will happen when the judgments spoken of in the Book of Revelation begin to be fulfilled? The answer is found in Revelation 6:15-17:

"And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains; And said to the mountains; and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb: For the great day of his wrath is come; and who shall be able to stand?"

## THE RISE OF COMMUNISM IN CUBA

What has been the chief result of the revolution in Cuba and how will it effect America? People in the U.S. rather sympathized with the overthrow of the corrupt regime of Batista.

But what has happened now that the Castro regime is in the saddle? The exe-

cution of over 500 people after brief mock trials in kangaroo courts was not reassuring. But the real cause for alarm is the fact that the Communist leaders of Cuba are now firmly entrenched in the new government. Castro, not a Communist himself, is a victim of his own revolution. The Communists who were quick to jump on the Castro bandwagon once it really got rolling, are now grasping for the reins. Anti-Communists are being shot in the general purge. Should the situation continue to develop as it has, Cuba may soon be another Guatemala. Whether Castro can stop it from going that far remains to be seen. If not then we could well have a Communist country only ninety miles from our shores, a potential menace in time of war.

## A SPY IN THE SKY?

While the U.S. is busy sending up satellites and getting them equipped to photograph the earth's surface, the uncomfortable thought has dawned upon military authorities that perhaps Russia may be ahead of us in this. And that at any time there may be a satellite spy moving over us once every hour to photograph or televise military movements in our country. Hurriedly, special super-sensitive antennas with wires in long parallel lines, have been erected by the army in many parts of the country and sensitive receiving equipment is being installed to watch for Soviet satellite spies that may be snooping high over North America to send back information to Russia. All these demonstrate that the world is fast heading for the most gigantic military clash in history.

## THE NEW ATOMIC FALL-OUT HORROR

We supposed that the terrors associated with atomic bomb explosions had just about been exhausted. A bomb that could wipe out a city the size of New York seemed to be as bad a thing as could be imagined. But now we learn that a new horror, above all this, threatens the world. This is the radioactive fall-out.

Whenever there is an atomic bomb explosion a poisonous element called Strontium 90 is released in the atmosphere. This is cumulative and the total amount increases after each explosion. It has been found that this strontium is absorbed by such plants as wheat and other cereals. When foods from these plants are eaten the strontium in them is in turn absorbed by the bones of the human body. This builds up, especially in chil-

# YOUR QUESTIONS ANSWERED FROM THE BIBLE

**QUESTION:** Why did a plague come upon Israel after David numbered the people? It surely was not a sin to take a census, and in fact God ordered one taken at different times.

**ANSWER:** 1 Chron. 21:1, says: "And Satan stood up against Israel, and provoked David to number Israel."

David wanted the census of Israel, apparently not for any practical purpose, but had it taken as a matter of personal pride. He said, "Bring the number of them to me that I may know it." (Verse 2) Even Joab, a rather unspiritual man, knew that the king was doing wrong and strongly protested the action. He was nevertheless, overruled.

However, the reason that the plague came upon Israel was because David failed to have the people give the atonement money required when a census was taken. In his careless pride, David had overlooked this matter. In the Law of Moses, atonement money was required when a census was taken. Otherwise a plague would come upon the people.

"When thou takest the sum of the children of Israel after their number, then shall they give every man a ransom for his soul unto the Lord, when thou numberest them; that there be no plague among them, when thou numberest them." (Exodus 30:12)

Since no atonement money was given, the plague came upon Israel as national judgment. We are certain however that those people who had their full trust in Jehovah were not affected by the plague.

There is certainly a lesson in this for us all to beware of taking pride in numbers. Evangelists should avoid overestimating the results of campaigns. Organizations should beware of denominational pride in the counting of their adherents.

**QUESTION:** Does God heal children of parents who are in sin?

**ANSWER:**

We can never limit God to what He might do. We know that in many cases God has healed children of unsaved parents, especially where the parents have had little light of the gospel. However, God has not put Himself under obligation to do so, and in some instances He may definitely refuse to heal the child of unsaved parents. This was true in the case of Jeroboam. The king sent his wife to the prophet Ahijah to inquire whether their son who was ill, would recover. But King Jeroboam had been notorious in his evil deeds, even erecting two golden calves at Bethel for the people to worship instead of Jehovah. Obviously, a child growing up under these influences would be corrupted by the evil around him. Because God foresaw some good in the child, he permitted him to die. So far as we know all children who die are saved. (Matt. 18:10)

"Arise thou therefore, get thee to thine own house: and when thy feet enter into the city, the child shall die. And all Israel shall mourn for him, and bury him: for he only of Jeroboam shall come to the grave, because in him there is found some good thing toward the Lord of God of Israel in the house of Jeroboam." (1 Kings 14:12-13)

Divine healing is the "children's bread." (Matt. 15:26) Christian parents have the right to claim the promises of God concerning healing. Although the Lord may on occasions elect to heal the children of sinners, He is under no obligation to do so. And if the parents have the light of salvation and still resist surrendering their lives to God, it is unlikely that their prayers will be answered. Our first prayer to God is not for Him to heal us, or our children, but rather, "God be merciful to me a sinner."

dren, until it reaches a certain level. It could be fatal. At the present time the amount of fall-out in the atmosphere is within the limits of safety. However, it is building up fast and in a few areas, has actually become dangerous. In Seattle and Pittsburgh strontium levels have increased five fold!

Scientists are fairly well agreed if H-bomb testing continues, even if no war occurs, the radio-active fall-out could eventually poison the entire race and wipe man off the face of the earth.

## WHAT NOW OF ISRAEL?

(Continued from Page 5)

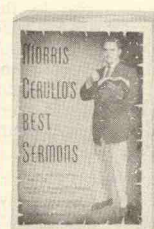

(Rom. 11:23-26)

The obvious initial step to reach Israel at the present time is through radio and an extensive Messianic literature Campaign. Now is the hour to begin such a campaign. When, prophetically and dispensationally, God is lifting the veil of blindness. While it is not true outwardly, yet inwardly it is, that many Jews are asking the question: "Is this Jesus of Nazareth, after all, our long looked for Messiah?"

We ask our world prayer band to unite with us in "praying for the peace of Jerusalem;" which can only be possible through the Jews, getting and accepting the gospel.

"Pray for the peace of Jerusalem: they shall prosper that love thee." (Psalms 122:6)

To cover the homes of Israel with Messianic literature and to institute a radio program is an undertaking that will require considerable sums of money. We ask that our partners in the Winning the Nations Crusade stand with us in this important venture of faith. Remember, those who work and pray for the peace of Jerusalem shall prosper. This is the promise of the Word of God.

## AND AMAZING ANSWERS TO PRAYER

### A MURDERER'S ARM PARALYZED BY PRAYER

A minister in Canada, who was frequently impressed by the Spirit to perform actions not accountable to himself, felt led on a stormy night to harness his horse and drive into the country where an aged couple lived. The Spirit urged him to make this trip that he might pray with them. So demanding was the call which came to the minister that he harnessed his horse and drove rapidly to the place. After hitching the horse under a shed he entered the house, unperceived by a door which had been left open. Here he knelt down and poured out his heart in audible voice to God for protection over the inmates. Not knowing why the Spirit had him make this particular move, after he had finished his prayer he returned home.

Months later, while visiting a Canadian prison, and while talking to the prisoners, he was accosted by one of them, who told a remarkable story:

"I had no recollection of the convict, and was fairly startled when the latter said, 'Do you remember going to such a house one night, and offering prayer in the dark for the inmates?' I told him I did, and asked how he came to know anything about it. He said, 'I had gone to that house to steal a sum of money, known to be in the possession of the old man. When you drove into the yard, I thought you were he, and intended to kill you while you were hitching your horses. I saw when you spoke to the horse you were a stranger. I followed you into the house, and heard your prayer. You prayed God to protect the old people from violence of any kind, and especially from murder; and if there was any hand uplifted to strike them, that it might be paralyzed.'"

"Then the prisoner pointed to his right arm, which hung lifeless by his side, saying, 'Do you see that arm? It was paralyzed on the spot, and I have never moved it since. Of course I left the place without doing any harm, but am here now, for other offenses.'"
