FLASH FROM MORRIS CERULLO IN TRINIDAD

Up to 30,000 people attending the great campaign in Trinidad conducted by Morris Cerullo and John Meares.

Dear Brother Lindsay:

We opened the campaign with about 2000, and doubled each night, until today our crowd reached 30,000. They are hiring trains and coming from all over the island. Miracles beyond description. Deaf and dumb are coming from the deaf school and being healed. Twisted cripples of twenty years are walking. Over 1000 out each morning to attend the new convert class, conducted by John Meares. We give them a free gospel, and take their names for the follow-up. It is tremendous. Thousands each night are praying the sinners prayer, and then they stand and praise God for salvation until you think another Pentecost is about to break. All glory to our blessed Lord.

CONCERNING EVANGELIZATION OF ISRAEL

Dear Brother Lindsay:

I hope this letter reaches you personally, as I believe it will encourage you in your dedication to redouble your efforts to reach every city as well as every home in Israel. Your letter brought to mind a truth revealed to me, while I meditated on Matt. 10:23.

Jesus, in sending out the twelve, gave the commission to the Lost House of Israel, but seeing the future as well as the present, He looked ahead to the age wherein the restoration of Israel would take place and it could no longer be called the Lost House of Israel. . . . Now in the 23rd verse of Matthew 10, Jesus was no longer specifically addressing the twelve whose preaching was limited to the Lost House of Israel, but it is evident that He was speaking through the word to the disciples of the present, who are now preaching the gospel to the restored cities of Israel. . . . This present age is the only age that could possibly produce disciples that could be commissioned to preach to the cities of Israel.

In the light of this Scripture, Matt. 10:23, it becomes a precious truth to me that this commission will surely be an unfinished commission since the workers will not have time to contact all the cities of the present state of Israel until Christ returns.

RADIO MAIL

HEALED DURING FRIDAY BROADCAST

Dear Brother Nunn:

I fell, January 28, 1961, and broke my leg, in the thigh, the large bone that leads to the hip. I suffered terribly. The doctors could not operate for five days because it was so swollen. The Doctor told me I had a very bad break.

When I got to come home, I was told I could not put any weight on the leg for six months, as I would probably be back in the hospital in a short time. Well, my future was a wheel chair and crutches.

During that time, I prayed constantly for God to heal me. One afternoon at 3:00 P. M., the Lord entered my room and with His spiritual voice, He said, "Friday, you can walk. Set the time." I was so happy, I set the time Friday for the Voice of Healing broadcast at 9:30. I knew Brother David Nunn prayed for the sick on that day.

He prayed for lots of diseases, and the last one he called was my broken leg. He said, "By faith, get up and walk." I did. I walked two hours before I sat down. The swelling left my leg and foot almost instantly. At once I had strength. I am still walking. I walked in two months and one week instead of six months. I haven't had any complications. I live a normal life and drive the car. The very next day I went shopping. That is what the Lord can do, if you only pray and believe.

BRAIN INJURY

Dear Brother Nunn:

My heart was thrilled when God, in answer to prayer, performed a miracle on little Susan, eight years old, for whom I requested prayer.

She was in an automobile accident, and had a brain injury. The doctor said in the 27 years of his practice he had never seen a case like it. He said it was a miracle and God should be thanked. I praise God for it, and thank you all for praying.

EAR INFECTION

Dear Brother Nunn:

I want to acknowledge the healing of the infection in my right ear. Praise His Holy name! I know God and God alone healed me because my ear had run for several years.

GORDON LINDSAY, Editor

Today the newspapers are full of news about America's plan to send a man to the moon. Russia also is working, feverishly, and of course secretly, on the same project. What is the meaning of this, and the prophetic significance of these developments? Will they actually succeed in putting a man on the moon? What will he find there? What part will these events play in the scheme of prophecy, and what will be the end of it all?

HOW FORECASTS OF THE PAST ARE BEING FULFILLED

THE BIBLE is still an up-to-date book. And from its pages it is possible to foresee the significance of events as they unfold in the future. In our October 1955, issue of **THE VOICE OF HEALING**, we discussed the coming of the satellite:

"Hitherto the thought of a man-made satellite belonged to the realm of fiction. Now man proposes to throw a satellite into space which will travel 25,000 miles per hour! That means the distance travelled in one day will be 600,000 miles, which is 4,500,000 miles per week, or 18,000,000 miles per month! This is the speed of interplanetary travel! *Yet within two years such a satellite will be shot into space.*"

By a strange coincidence exactly two years from the date of this article, Russia put a satellite into space!

In our book *Red Moon Over America*, published in 1957, we wrote: on page 12, "The next major objective will be to send a rocket that will orbit around the moon." . . . If Russia is the first nation to bridge space by sending a rocket to the moon, its propaganda impact will perhaps be greater than her launching of Sputnik. Uncommitted nations who want to be on the winning side will begin to move to the Communist bandwagon. At all events we may be sure that Russia is now engaged in an all-out race to be the first to send a rocket to the moon.

As we all know two years later, when Khrushchev made his trip to the United States, he brought along a facsimile of the ball that landed on the moon with the Russian pennant. Quoting further from *Red Moon Over America*.

"If Russia wins the race to send a rocket to the moon, will she then attempt to send one to a planet? Remember, the Soviets have a definite objective in view in every project they undertake, the objective of world domination. Her next step undoubtedly would be to send up a television satellite — a sort of an advance space station . . . Who doubts but that it will be but a matter of time until Russia will have a "moon" capable of transmitting television signals to the earth's surface?

"What would be the function of a Russian television satellite? The purpose may be easily imagined. Directed toward the surface of the earth, and using a telescopic lens, every area of the world could be kept under constant surveillance. The important military value of a navy plane carrier, as we

THE RACE FOR THE MOON

by Gordon Lindsay

have earlier mentioned, is that through its motion it can elude detection by an enemy. But what now if one or more television satellites revolve continually about the earth every hour and a half? The answer is "there will be no place to hide."

"Reconnaissance by means of a Russian television satellite, as we have said, would keep our nation under continuous surveillance. Troop movements, location of military installations would be determined at their exact position of latitude and longitude. An exact 'fix' could be had on target areas making possible precise aiming of intercontinental missiles.

"The next stage will of course be the manning of space-ships and installing of hydrogen bombs in their bomb-bays. Animals will no doubt be sent up in space-ships first . . ."

Most of these things have taken place, since the time this was written. Russia has sent a rocket to Venus. Her television cameras have taken pictures of the far side of the moon. Dogs have been sent up in rockets. On April 12, a Russian by the name of Gagarin was put into orbit and returned alive.

But now comes the announcement that the resources of America are to be mobilized to put a man on the moon. Will the project be successful? What will be found on the moon and what is the prophetic significance of it all?

WHAT WILL MAN FIND ON THE MOON?

First let us ask what will be found on the moon if a man gets there? This question may be answered accurately. Great telescopes bring the moon so close that anything a few hundred feet in diameter may be easily identified. The moon however is a dead body. There is no atmosphere, no erosion, no weather, nothing ever happens on the moon except the slow change from day to night, and night to day. A moon-day is about 28 earth-days in length. Because there is no shielding atmosphere, the surface of the moon exposed to the sun for two weeks, heats up to a temperature of several hundred degrees. During the time of darkness the temperature falls to several hundred degrees below zero. Specially constructed space suits, heated and provided with oxygen, would be absolutely necessary for a man to exist even for a few minutes on the moon. God prepared the earth for man's habitation. His purpose for the moon was that it should reflect the sun's light, and provide the gravitational pull for the tides. Consequently it is a barren, sterile, and airless planet, certainly a harsh and forbidding place for human beings or any other kind of life. Because of the extreme heat of the surface of the moon when the sun is overhead, it would be necessary to land on the fringe or twilight area, where the temperature would be comparable to that of the earth. Should anything go wrong with the return rocket, the astronauts would have the frightening prospect of the sun gradually rising in the sky until the temperature reached the melting point of lead!

WHY HAS AMERICA UNDERTAKEN THIS FANTASTIC AND STUPENDOUS PROJECT?

A recent estimate places the cost of sending a man to the moon at from 20 to 40 billion dollars. In a year or two the U. S. will be spending four or five billion a year on this space project. (How wonderful it would be if we had one of those billions for world evangelization.) The first need will be the building of giant boosters which are capable of transporting the heavy pay-load and returning it with its human freight safely back to the earth. The Saturn C-1 under construction by Von Braun will be able to take up to 19,000 pounds, and will be ready for testing in a few months. The

C-2, will be a much larger rocket and will stand as high as a great skyscraper.

Now the question is, what are the compelling reasons that have caused President Kennedy to announce such a costly program, a program to put a man on the moon in a decade? There are several reasons given. We are told by scientists of how it will add to the sum total of human knowledge. That it will multiply our long distance communications' resources, ten thousand fold. Powerful telescopes on the airless moon would permit a hundred fold increase of magnification, which would greatly extend our knowledge of the universe, etc.

But overshadowing all this, is the military and political significance. Both Russia and America are thinking of the propaganda value of being the first nation to put a man on the moon. There is a fierce wooing of uncommitted nations by the Communists. There is the jockeying for military and political position. There is the belief that there would be a great military advantage in having an observatory on the moon where every military move of the opposing nation could be kept under constant surveillance. In other words, Russia is bound to reach the moon. Because she is making the attempt America cannot afford to do less. That is the reasoning.

But now let us approach the significance of these developments from the Bible and prophetic standpoint. Does the moon have a place in prophecy?

THE MOON IN PROPHECY

The moon definitely has a place in prophecy. God originally placed the moon as well as the sun in the heavens "for signs and for seasons, and for days and years." (See Genesis 1:14-16) In the days of Joshua when the children of Israel were pursuing the Amorites—a nation under Divine judgment,—darkness was soon to come on, with the job unfinished. With the night falling, much of the fruits of victory might be lost. But at that moment a supernatural faith sprung up in the heart of Joshua. Standing before Gideon, he commanded the sun and the moon to stand still, till he had avenged himself on the enemies of God. By what means God performed the miracle is beside the point. The sun and the moon remained in their apparent places for nearly a whole day giving Joshua the opportunity to complete the task that God had given him.

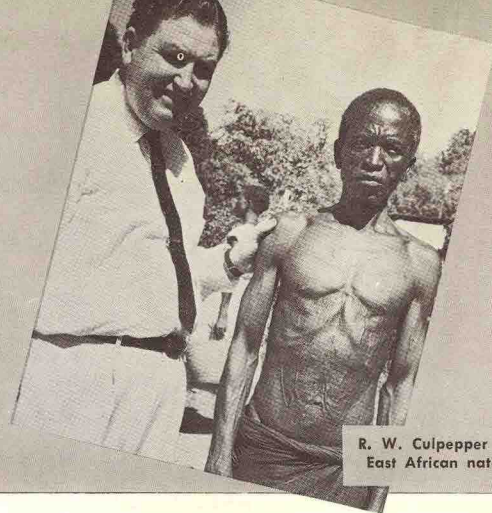

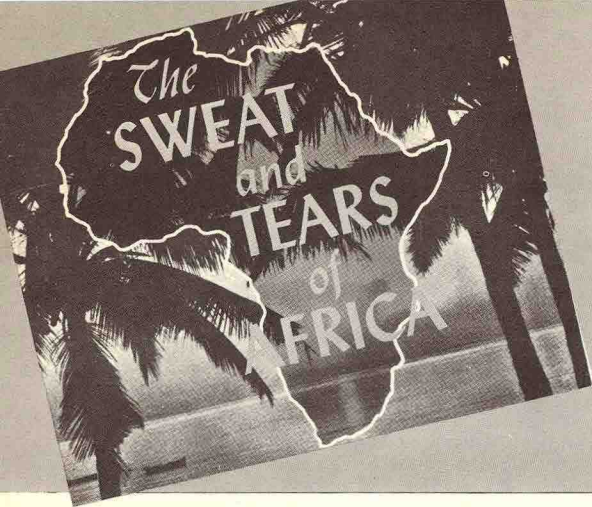

The prophetic word speaks of the moon being turned to blood during the apocalyptic events that will unfold during the day of the Lord. (Joel 2:28-31 and Rev. 6:14-17) Peter quotes this prophecy in Acts 2:19-20.

"And I will shew wonders in heaven above, and signs in the earth beneath; blood and fire, and vapour of smoke: The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord come."

In this prophecy we are informed that while God is going to show wonders on the earth below, these judgments are going to affect the heavens also. There will be signs of "blood and fire and vapour of smoke"—a description that could well have reference to atomic warfare. Now that men are preparing to send rockets to the moon, and perhaps even drop atomic bombs on its surface, we can see the possibility of a more literal fulfillment of prophecy than we had supposed possible.

The words of Jesus in Luke are very significant also in the light of recent developments.

R. W. Culpepper and East African native.

by R. W. Culpepper

I make no claim at being an authority on Africa. However, as a missionary evangelist and one who has had a burden and call to help the masses of people of this great world of ours, I feel that my observations, and what I have learned while conducting campaigns in Africa, will help others to see and feel the need of that Dark Continent, the major part of which is bowed down under a heavy load of sweat and tears.

There are millions of "Black People" in Africa where few white men have ever set foot. I met primitive and intellectual black people, white missionaries, pastors and colonists. There are hunters, killers, cannibals and witch doctors—all of these and more too, go to make up this vast kingdom.

Africa is not a country. It is the second largest continent in the earth, with an area of almost twelve million square miles. You could roll up China, India and the United States and spread them like carpets over Africa, and still have enough space to accommodate the whole of Europe minus Russia. Yet the total population of Africa, estimated between two and three hundred millions, is not as large as that of India alone.

The Negroes are not called Negroes, but Black People, or Natives. As to the white people, called "Europeans," I make no attempt to divide them into well-meaning educators, missionaries, merchants, reactionary groups and politicians. My burden is for the lost.

This great, boiling mass of humanity is in great need of Salvation and a knowledge of The Lord Jesus Christ—the answer to all of the frustration, hatred, sickness and suffering of her people.

Their pagan customs influenced by witchcraft, superstition and demon power presents a challenge that I shall never forget.

Ninety-five percent of all black men in Africa are under the curse of the medicine man and the witch doctor. There is only one power that can deliver them from this bondage and that is the power of the Gospel. In every village, the witch doctors and medicine men dominate the natives, and through their art of sorcery and demon power, bring fear, frustration and trouble to their heart. Their's is a battle of sweat and tears from the time they rise in the morning until they fall asleep at night.

In our meetings in Africa, the masses came. Multitudes found Christ and thousands were delivered from sickness, disease and demon power. However, this is just a drop in the bucket of the more than 200 million who are dying in Africa without the knowledge of Christ.

The phenomenal results of our campaigns in Durban, Cape-town, and our Mombasa East Africa project have placed this continent in our hearts, as never before and now comes the great open door in Senegal, French West Africa. For 150 years Senegal was closed to Protestant missionaries. Now the door is wide open and our **Winning the Nations Crusade** has been requested to help establish a large Revival Center in Kaolack, its second largest city.

Senegal has recently become an independent nation with full freedom, free elections and complete religious liberty. This is a miracle of God. Senegal is made up of 75% Moslems and

2% Catholics. There is only a small handful of Protestants. The rest are heathen.

Veteran Missionary, George W. Flattery, and his family, who are pioneering the Full-Gospel message in Senegal, have opened an aggressive soul-saving station in Kaolack, a city of 150,000 second only to Dakar in population. They have a wonderful opportunity to secure a large two story building. The first floor will make a large revival center auditorium. The second floor will provide the needed additional rooms for this thriving work. A second building behind it can be enlarged and remodeled to make an even larger tabernacle for large meetings.

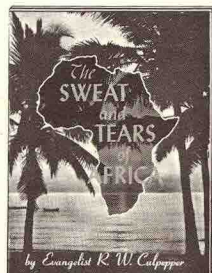

God has definitely impressed the Directors of the Voice of Healing to help in this great pioneer project in West Africa. Surely, God who said, "Go into all the World and preach the Gospel to every creature" including Africa, will speak to your heart to have a part in this needy project. What an opportunity to invest in souls for Christ in West Africa.

Dear Friend, you can have a part in this ministry by praying, giving and enlisting others to help us. We cannot do this alone. Together we can make a team to reach millions. Invest in reaching lost souls while there is yet time. Tomorrow may be too late. In their behalf, I make this appeal to you.

It's New . . . Different . . . Shocking, and True!

AROUND THE WORLD WITH VOICE OF HEALING MISSIONS

MOMBASA, EAST AFRICA

Missionary M. J. Sickler reports on R. W. Culpepper and W. V. Grant Campaign. "What a thrill to have Brother Culpepper and Brother Grant here with us in Mombasa. Though it rained during the campaign enough to wash out any meeting, the people came. We knew that everyone that came was there because they wanted to hear from God and they were not disappointed.

"The word of God was precious through Brother Culpepper and Brother Grant. There was tremendous response as the altar call was made for sinners. Also the mass prayer for healing was thrilling. Definite healings took place and long lines of people testified of their deliverance. The testimonies were just like Bible days. The whole crowd surged to its feet when a little boy named James walked again. James' father is a member of the Mombasa church. Some months ago, James was stricken with something that seemed like polio. After a brief fever and illness, the child could no longer stand or walk, but during the prayer God touched little James and before everyone's eyes little James could walk.

"We are still realizing the effects of this meeting and testimonies continue to come in of people whom God saved and healed in the meeting. Our work here was definitely blessed and has increased because of these meetings. We would like to express our sincere appreciation to all of those who made it possible for these brethren to be with us. We would like to ask definite prayer for East Africa. We are going through a crucial hour. The doors are now open. This is the hour to work before the night comes when no man can work. Other mission fields are definitely closed already. Will Africa also close? We are doing all that we can do now. Africa needs your prayers and we trust that you will remember us as you pray."

JORDAN

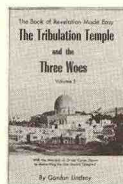

Missionary Ayoub Rihany in Jordan writes, "In the last three months more than 100 people were saved and some of them have received the baptism of the Holy Spirit. Three thousand gospels, new testaments, and Bibles have been distributed in the villages and cities of Jordan. I have given many Bibles to the official workers in the government here. Our Sunday Schools are growing, prayer meetings are being started, and the Lord is blessing in our midst."

The Amazing Conversion of One of the Leading Atheists

THIS IS THE
STORY OF
RALPH E. UNDERWOOD,
CO-FOUNDER OF THE
INTERNATIONAL
LEAGUE OF THE
MILITANT GODLESS
OF AMERICA.

From The Standard Bearer

My mother died when I was only seven years old and it was necessary to send me to an orphanage. Though recommended by my father as being a Christian home, it was anything but Christian. Five years of incarceration in that home were more than enough to turn me against religion. I got started wrong, and I became a God-hater instead of a God-lover. I embraced atheism in its entirety. I was convinced that God was a myth and that Christ was not necessary. I regarded the Bible as a Jewish "scrap-book" filled with absurd legends. To this day I believe my bitter experience as a boy turned me towards atheism.

Determined to acquire an education, I devoted many hours to studying and reading in public libraries. I was particularly interested in anti-religious addresses, and I read all the standard free-thought literature; Paine, Ingersoll, Voltaire, and others.

Joining hands with their infidels, I soon became an active worker for the cause. While yet in my early teens, I started delivering lectures against religion. This I did in the most blasphemous fashion. I referred to my general activities as "pulling Jehovah's whiskers," and I used other terrible blasphemous expressions which I now shudder to even think of, and hesitate to repeat. My tongue was tipped with acid when I spoke; my friends called me "the champion blasphemer".

I travelled over the country, lectured and debated in many of the large cities, distributed thousands of copies of infidel books and pamphlets, and waged a tireless warfare against Christianity. In Chicago I met a man—Martin S. Charles—who was to become my colleague and inseparable partner in atheism. A more zealous, blasphemous, hard-working team of atheists could not be found anywhere. In many parts of America there still exists infidel and free-thought societies that were founded by Charles and Underwood. In 1931, we founded the Godless Age Publishing Company with headquarters in San Francisco. We printed and distributed thousands of copies of booklets and folders as well as the official organ of the American branch of the International League of the Militant Godless, a monthly magazine known as the Godless World. Martin S. Charles was the owner and editor of this magazine, while I was the associate editor and director of publication.

One day a great tragedy entered the life of my friend Charles. The loss of his wife left him heartbroken and disconsolate. He soon lost all interest in our work and became subject to extreme melancholia. He started to wander aimlessly about the country in a vain attempt to find relief. He eventually reached the place where he thought of suicide as the only way out of his troubles. On three different occasions I intervened in the nick of time to prevent him from taking his own life; twice I found poison in his possession, and another time I found him unconscious from poison fumes in the garage. He had closed the garage doors and let the engine run, while he sat in the car awaiting certain death.

I decided to leave the city for a visit to my family in Oregon. I remained only a few days, fearing that I would find my friend Charles dead when I returned. And he had expected to be dead; so much so in fact, that he had left instructions for me to dispose of his remains with a typical atheist funeral. He had instructed me to personally conduct his funeral and to permit no minister of the gospel, under any circumstances to say anything over his body, or, "I will get up and call him a liar." But when I returned, Charles was far from dead. In fact, he was very much alive! Wonder of wonders, he had actually found God!

The evening of my return to the city, I had conducted a street-corner meeting at the intersection of 10th and Broadway. Before a crowd of several hundred persons, I had launched into a blasphemous attack on religion, much to the delight of my godless listeners. But one of my listeners was not delighted. That was my friend, Martin S. Charles, who had spent most of the day searching for me after learning that I had returned to the city that morning. At the close of the address, I went over to where Charles stood with his back to a store window, and I asked how he liked my talk—expecting the usual reply. I was surprised when he informed me he didn't like it. He seemed to be steeling himself to say something very important and serious. And shortly he let it out. I'll never forget the feeling of utter surprise and shock that came over me, when my friend told me that we were both wrong in our beliefs, that there was a God after all.

"Ralph," he said, "I know you won't be able to understand, but I have found God all over again! Found Him just as I knew Him in my boyhood days." No, I didn't understand; I had been steeped in unbelief from boyhood and had never known the heavenly Father. Mine wasn't the case of being a backslider. I had never had any knowledge of God in the first place. To say that I was thunderstruck at Charles' state-

ment is putting it mildly! I was left speechless. Such a thing was unthinkable. So I decided to humour him. If he insisted on being "saved," then I would let him be saved. I patted him on the shoulder and said, "Of course you're saved." But he knew that I didn't mean it and told me as much.

The days passed. I heard from the lips of my friend the old, but ever new story of Jesus the Christ. I had never heard it in just that way before. It wasn't as though I was hearing a prepared sermon dealing with what God can do, but I was hearing a man testify to what God had done! How wonderful it is to proclaim the glad tidings of salvation through individual witnessing! Charles exhorted me day and night. I often remarked that he preached the longest sermon I ever heard. It lasted day and night for about ten days. I can thank God to this hour for his persistence. One day he succeeded in talking me into kneeling with him in prayer. I wasn't the least bit interested. While he prayed for my soul, I gazed at the wallpaper, bored to distraction.

A few days later, Charles invited me to go to Church. Of course, I didn't want to go, but I finally consented, after much coaxing. I felt rather out of place in that house of God, and especially when I saw a group of gospel workers who conducted street meetings on the same corner where I conducted my atheistic meetings. On several occasions I had so incited the fury of the street mob against a young man and his co-workers, that they were driven from the street. But they always returned sooner or later, and wearing the same courage that I so secretly admired. He was an 18-carat Christian and had no desire to seek revenge; he was seeking souls for Christ.

As I stood there in that church, hoping that this young man would not see me, he suddenly looked straight at me, and his eyes grew wide with surprise. Rushing down the aisle, he came towards me. Fearing for my safety, I looked around for some way out of the building. He grabbed me by the hand and told me how happy he was to see me. Several shook hands with me, some rather timidly. But not a person was the least bit offensive. For the first time in my life, I was looking at people who lived up to the "love thine enemies" creed. At least, it was my first contact with them, so far as I knew.

I can't recall the sermon that night; but I was beginning to suffer from old-fashioned conviction of sin. And when conviction seizes upon the heart of the unsaved, there is no peace or rest for that person until he seeks the face of God. I didn't sleep well. I was beginning to doubt my unbeliefs. It seemed that the very foundations of my atheism slowly crumbled and fell at my feet. A feeling of remorse clutched at my heart. I could hear my old father reprimanding me for my infidelity. My desire to know the truth eventually triumphed.

One evening I went to church with Charles, and when the invitation was given I went forward to the altar (of prayer), dropped to my knees and tried to pray, but it seemed that unseen hands clutched at my throat. I could literally feel the pressure on my throat. The words that I tried to form were cut off before they passed my lips. At a late hour, almost midnight, I had still not uttered a word and I decided to go home, fearing that I was keeping others who wanted to leave. So I went.

It seems that God spoke to two of the men who had been kneeling with me at the altar. They walked out with me, and together with Brother Charles we went to our rooms. At their suggestion, we four kneeled on the floor and for nearly two hours those three men prayed earnestly for my soul, asking God to reveal Himself to my heart.

As the hour approached two A.M. I had a terrible vision of myself standing before the judgment throne of God. Some will argue that my vision was purely imagination; but to me it was real. I realized the awfulness of my position and my immediate need for "outside" help. I could see myself standing there before God, my friends pleading my case for me, but myself uttering not a word on my own behalf. I suddenly had a great desire to speak for myself, and it was then I commenced to pray, for the first time in my life. I needed no human help.

From the depths of my being I talked to God that night. And my prayers did not go unheeded! The first prayer I ever uttered brought about the most wonderful experience I have ever had. That night I was gloriously saved! My doubts and my fears fled like the wind, and from that hour to the present I have never wondered for an instant about my salvation.

My conversion took place in the headquarters of the godless movement. I was literally a "brand plucked from the burning." The experiences of Mr. Charles and myself were the most astounding things that ever happened in the atheistic movement of the Pacific Coast. Today — I am combating atheism in every way possible, and trying by all means to win the lost to the Saviour.

THE RACE FOR THE MOON (Continued from page 5)

"And great earthquakes shall be in diverse places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven . . . And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken." (Luke 21: 11, 25-26)

THE SIGNIFICANCE OF THE MOON RACE?

Will man reach the moon? The answer is that if time goes on, man will probably reach it. The only question is, will the Coming of Christ, the Great Tribulation, and events of the ending of the age, occur first and interrupt man's plans?

It is obvious that America is now engaged in this race, simply because Russia is, and because she cannot afford to be left behind in the race.

The motives behind Russia's race to put a man on the moon, is her expressed intention of exploring and dominating space. In 1947, we wrote the following in *RED MOON OVER AMERICA*. Nothing has happened since, that has caused us to change what we wrote:

"The launching of the satellite, according to Russia's own admission, is only the first step in her plans to explore and dominate space. She speaks of her plans to send men in space ships to the moon, and then later to the planets. It is not beyond possibility that she will be able to do this. A space ship traveling only a little faster than *Sputnik* could reach the moon in a few days. It could reach Mars within a couple of months during the time of the planet's closest approach to the earth on its orbit about the sun.

"All of these plans of godless Russia remind us of Satan's ambition at the time of his fall, to ascend 'above the stars of God.' (See Isa. 14:13-14)

"But perhaps the most striking parallel to this modern ambition of man is the story of the Tower of Babel. Back in those days fallen men decided to pool their knowledge and build a tower to heaven that they might by their own efforts, as it were, escape future judgments of God.

"Concerning the motives that have induced modern space flight, and man's ambition to reach 'heaven' back in the

DID PETER'S SHADOW HEAL PEOPLE?

Usually when we are in a healing service, under the anointing of the Holy Spirit, there is a circle all around us, where the power of God is present to heal. Sometimes the circle is smaller. Sometimes larger. Sometimes the circle becomes so large that the people are healed in the audience.

I have seen the circle become so large that people who were sitting in their cars, in the shadow of the tent, were healed. Do you think the shadow of the tent healed anyone?

Jesus was teaching the Word in one place. The power of God was present to heal. That is where God is present to heal; where we are teaching the true Word of God. The people let a man down through the roof of the house. The man was let down in the circle. No one had to pray for him. He obeyed Jesus, took up his bed and walked. (Mark 2:12)

SOUTH AFRICA SERVICE

Today, here in South Africa, we were in a stadium that holds fifty thousand people. I looked around and saw four men bringing a crippled fellow in a quilt. Each of them had hold of the corner of the quilt. It reminded me of the four men who let the man down through the roof of the house.

As I preached the Word to them I perceived that the power of God was present to heal. About 2000 people held up their hand that they accepted Jesus as their Saviour. About the same amount was healed as I prayed one prayer. I knew the circle, where the anointing was, was enlarging. The sun was going down. The shadow came up to the platform. The people rushed over each other trying to get into the shadow. They broke down the railing from the platform. Everyone was blocked. They could not come forward to testify of what God did for them. They were lifted above the crowd by strong men, stood on the platform, so they could let us know what God did for them.

One woman who was totally blind for twelve years could read the Bible. One man who had not walked in nine years could walk perfectly. A woman walked for the first time in five years. A boy's brace was no longer needed. A deaf woman would hear a whisper. No one laid hands on them. They were healed as they came in the shadow of the platform. Someone cried, "The boy they brought in on the quilt is up walking." The crowd went wild with excitement!

Only about one percent of the people who were healed could get to the front to testify.

IT IS GOD THAT HEALED

It was not the shadow of the platform that healed those people. It was not the shadow of Peter that healed the people. (Acts 5:15) It was the power of God that was present to heal.

It was not Paul's handkerchief that healed. It was the power of God in the handkerchief. It was not the shadow of Peter that healed the sick. It was the power of God in the shadow that healed.

A shadow will not heal any more than the clay that was put on the blind man's eyes healed. (John 9:6)

A shadow will not heal any more than the water in Jordan healed Naaman. (II Kings 5:10)

The spit and clay did not heal the blind man. Peter's shadow did not heal the people.

A shadow will not heal a man any more than the troubled waters healed the first one that stepped in. (John 5:4)

A shadow will not heal the sick any more than the figs healed Hezekiah's boil. (Isa. 38:21)

A shadow did not heal any more than the anointing oil heals those prayed for.

A shadow will not heal any more than water saves a man who is baptized.

It is the power of God that saves. It is the power of God that heals.

It is the power of God in the shadow, or out of the shadow, that heals.

If we will let the people know it, they can be healed as they walk into the place where the power of God is present to heal, shadow or no shadow.

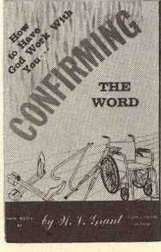

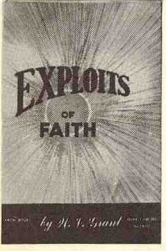

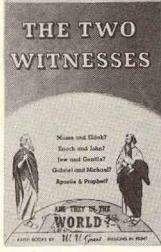

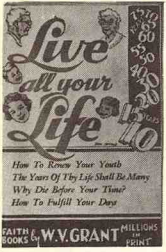

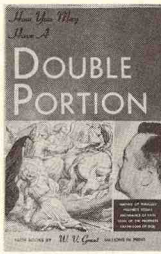

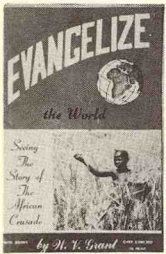

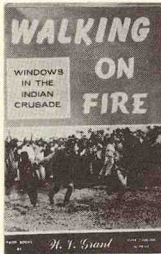

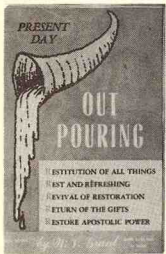

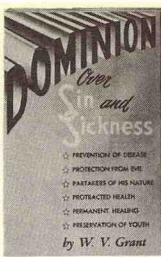

In God's presence they can be healed during the same prayer, even—

if they do not have a healing card,

if they do not have a number,

if they do not have hands laid on them,

if they do not go through a line, or are prayed for individually.

Donald Abbott, of London, England, receives scholarship from President Robert Ashcroft.

LETTER FROM REV. ASHCROFT

Dear Brother Lindsay:

It was with deep gratitude and great joy that we presented the first Voice of Healing scholarship to Donald Abbott of London, England at the commencement of Central Bible Institute and Seminary.

I wish you could have been present. When I presented the scholarship to him he wept with joy. You see, he is from England but was converted while working in Africa on government construction. He is dedicated to an apostolic ministry of evangelism. The faculty made an excellent choice.

This summer Brother Abbott with his wife is working in Teenage Evangelism in New York. They have fearless zeal that fits them for this type of work. During the school year they worked with service men on the streets every Saturday night. The personal workers squad reported 100 decisions for Christ during the school year.

Thanks to you and The Voice of Healing family for the awareness of preparing the future apostolic ministry through anointed training in a school of the Spirit.

God bless you.

Most sincerely,

J. Robert Ashcroft,

Time Magazine Reports on Dr. Walter Parr of World Friendship

(World Friendship is an organization dedicated to giving help to impoverished nations, in the name of Christ. Sam Todd and Gordon Lindsay are directors of this organization. Last year, a ship carrying one and a quarter million dollars of supplies was sent to Korea. This year a ship is to go to Jordan. TIME MAGAZINE carried the following account of the founder, Dr. Parr, in their August 4, 1961 issue.)

The Friend Ship

Walter Parr of Paducah, Ky., can spot the two turning points in his life to the day and minute. The first came when he was 18 and riding his horse one night near his home town of Bowie, Texas. Suddenly a ball of fire seemed to flash across the sky in front of him, and he heard a voice say: "I am God, who has called you." Walter Parr knew then that he would devote his life to the ministry. When he told his English-born mother about it later, she exclaimed: "I knew it would happen! We never told you before, but when you were a baby, your father and I put you on the altar and dedicated you to God."

Walter Parr's second turning point came in 1952, when, as a minister of the Cumberland Presbyterian Church, he was seeing his marine sergeant son off to the Korean war. Standing on the San Diego dock studying his son's troopship loaded with men and means of war, Pastor Parr made a private promise to himself: "If my son returns, I will load a ship like that and send it to Korea with the things of peace and good will."

THE MARCH OF PROPHECY

(A FEATURE TO KEEP READERS INFORMED OF WORLD EVENTS WHICH HAVE UNUSUAL PROPHETIC SIGNIFICANCE.)

UNITED STATES OF EUROPE

The 13th and 17th chapters of Revelation show the Anti-christ forming a kingdom of ten nations. For centuries Europe has sought to build a federation of nations, but all efforts have been unsuccessful. Since the late war, however there have been developments that have gone a long way in that direction. The Common Market of Europe, which is based on mutual agreement of low tariffs, prospered beyond all anticipations. This common market now includes six nations—France, The Netherlands, West Germany, Luxembourg, Italy, and Belgium. Britain refused to join the Common Market because of pressures from the commonwealth. But the British are now becoming envious because of the prosperity, and are debating whether to join. All these things are pointing the way to the hour when ten nations will join hands together to throw their strength and power to the Anti-christ.

NEW TROUBLE IN THE LAND OF BABYLON

Prophecy distinctly shows that Babylon will play a part in events at the end time. Up till two years ago Iraq was quietly pursuing her way in a pro-West policy. Suddenly a man by the name of Kassem got control, murdered the king, and since that time he has conducted an unpredictable course. Recently Kuwait was given independence by the British. Kassem made a fire-eating speech demanding Kuwait, that it by rights belonged to Iraq, and he hinted that he would take it by force. There was a reason for his demands. Kuwait because of its oil, is the richest country per capita in the world! Very likely Kassem would have marched had it not been that the British landed troops and forestalled a coup.

HEMINGWAY COMMITS SUICIDE

Ernest Hemingway, the famous writer who reached the pinnacle of success as far as his chosen profession was concerned, wrote finis to his life a few weeks ago. He picked up his twelve gauge double barrell shotgun which had been inlaid with silver, put it in his mouth, and pulled both triggers, blowing away the top part of his head. His poor wife made a pitiful attempt to claim it was accidental. No one was fooled.

Why is it we ask, that so many of the rich, the famous, and successful, are committing suicide? Because they have chosen to live for the flesh. When the flesh wears out, and its appetites pall, there is nothing more to live for. How tragic that men will throw away the promise of life eternal for a few baubles of this life! Unless a man has faith, he has nothing. His existence is only a bare level higher than that of an animal. As Jesus said, "What is a man profited, if he gain the whole world, and lose his own soul . . . ?" Matt. 16:26

THE COMING OF THE NEUTRON BOMB

Many thought that the hydrogen bomb, was the weapon to end all weapons. Now we are told of the horrors of the neutron bomb, which is next on the way. There is of course little difference if a man is killed by a hydrogen bomb or a neutron bomb. What therefore will be the difference between the two? In the first place it is claimed that the neutron bomb will have a greater range, thereby killing at a greater distance. There is also this difference. *The neutron bomb is not designed to destroy the buildings of a city, but to kill off the population, so that the enemy could take over an undamaged city instead*

of ruins. Senator Thomas Dodd of Connecticut as reported in *Time Magazine* declares: "We are in mortal peril. More than a year has passed since I first spoke on the folly of test ban moratorium. I mentioned the neutron bomb would operate as a kind of a death ray. It would do next to no physical damage and result in no contamination, but it would immediately destroy all life in the target area . . . At that point we might find ourselves confronted with the terrible choice between surrender and all-out thermonuclear war."

Something else makes the N-bomb still more forbidding. Once the N-bomb is developed, all nations will be able to use it, as major ingredients are comparatively cheap and plentiful.

THE JEWS IN EUROPE

The Nazi aim was to make Europe *Judenfrei*, free of Jews, by methods ranging from emigration to murder. How well they succeeded, even 15 years after their defeat in World War II, is shown by the following table compiled by the World Jewish Congress, dealing with countries once Nazi-held:

	Jews in 1933	Jews Today

THE RACE FOR THE MOON

(Continued from page 9)

days of the building of the tower of Babel, we commented some time ago in *The Voice of Healing*. At that time we declared that though it was possible that man would send a satellite out into space and perhaps reach the moon, and even traverse the local solar system, that he would never travel to the stars by his own power, nor be allowed to colonize other planets with a sinful race. God would permit him, as at Babel, to go so far and no farther. In other words, he would not 'ascend to heaven' by his own inventions or brilliance of intellect. For God has ordained one way by which men might reach heaven, and there is none other way.

"This event described in Genesis 11: 1-8 has significance relative to events transpiring today. These men remembered the judgment of the flood, how that the waters of judgment covered the land. They would, therefore, by their own efforts, build a tower that would reach up into heaven, beyond the pale of judgment. Of course, it was incredible that they could accomplish this. Heaven will never be reached by any such methods. But man in his pride is willing to imagine he can. The building of the tower of Babel was an act of rebellion, a plan to thwart the will of God. The men of Babel never finished their project. God came down and confused their tongues and scattered them abroad on the face of the earth.

AN EVANGELISTIC TOUR WITH PAUL KOPP IN ISREAL

(Most of the work in the land of Israel has been done in little missions, which unfortunately very few Jews attend. There have been Bible campaigns, but we feel that even their success is limited unless direct contact is made with the people. Such contact isn't always easy to secure, as Jews do not generally respond to Christian ministers. However, the ministry of healing has opened many doors. Paul Kopp tells something of his work in Israel. He is busy battling there on the front line. There have been some grim experiences, but Jews are being won to Christ, one by one. We ask our friends to pray and give, for Israel as never before.) Ed.

In this land, reaction to our work runs all the way from kisses of gratitude to actual stones of ungratefulness to our gospel preaching. We have honest repentance and acceptance of Christ as well as the Judas type of experiences with others.

In my first campaigns in Israel I came away with the idea that Israel had become quite largely a land of plenty. This was because I had done as most visitors here: staying in a comfortable room and traveling on the main highways. Now I am trying to go to the kind of people with which Jesus Christ had the greatest success. "The poor have the gospel preached to them." Matt. 11:5: "The common people heard him gladly," Mark 12:37. We find this true today among the Jews until some false teachers stir them up against us.

In our most recent Mabarah (Immigrant reception town) meeting we went in a week ahead of time and contracted with a man to have a pulpit table ready and invitations to the people to come. A nice crowd gathered and listened quite attentively as we preached the Messiah to them from the 53rd Chapter of Isaiah. My father, LeRoy M. Kopp testified how that when dying with TB he had suddenly realized the truth of the Messiah's suffering for his healing. When he told them that he was healed from the very day that he accepted this truth some of the people clapped their hands.

When we had our Bibles ready to start reading, some insisted that we put something on our heads according to orthodox Jewish tradition. We complied with their request and put hats and handkerchiefs on our heads. I had Eli (Elijah) read the Word in Hebrew which he can do with great zeal being saved and filled with the Spirit. I then explained to the audience how that everywhere we go the Lord works with us in divine-healing signs to confirm the Old and New Testaments as His Word,

Christ as our mediator, and us as His authorized ones to show them how to be saved.

After this, I asked if there was anyone with a deaf ear present. A man stepped forward and pointed to a sunken place behind his left ear. It was explained that an operation had been made to remove infection which destroyed the use of the eardrum. After the prayer to God in the name of Jesus Christ I asked someone in the audience to test the formerly deaf ear. We listened as the man repeated what was spoken in a very low voice. Others crowded forward for prayer for other things and God's Word was exalted to those Jews.

One man came forward and picked up our Bible and noticed that it had the New Testament in it. He acted disgusted, slamming it down, he turned to the crowd and said, "These are Protestants." He was immediately hushed and told that if he didn't want to listen then he must not disturb the others. Most of the people seemed friendly on this visit, but while we were away the devil's false teachers began to work.

Arriving back in Jerusalem we had on the next day a letter from the Mabarah from a man who has four little girls and no wife. He told how poor he is and that he has no proper care for his girls when he is working, and would we please find a home for them. He wants to keep the girls as his own but have someone care for them. We asked a Christian Jewish home in Haifa if they had space but none was available as their dormitories are full of boys and girls.

When we returned to see the man a delegation of fanatical Jews (very few are fanatic) gathered in the street to dispute with us. A crowd of children gathered and soon began a deafening Chorus saying, "Ye'shoo, Ye'shoo, Ye'shoo," so loud that finally we left. Ye'shoo is the name the fanatically antichrist Rabbis teach is the name for Jesus Christ. To the blind followers of these Rabbis the name Ye'shoo stands for all the filthy things that they teach about Jesus Christ. We came back later that night (after the children had dispersed) and visited the father of the four little girls. We were sad to tell him there was no place for his girls but we were happy to have Brother & Sister Shalom with us and see them give clothes for the girls. On a later visit to this Mabarah the opposition had grown until

Inc., which sent four shiploads of staples to Korea.

Inevitably, Walter Parr became a marked man—marked, for one, by Jordan's Ambassador to the U.S., Dr. Yusuf Haikal, who read of his one-man Korean relief program and invited him to Jordan last year to learn of Jordan's needs at first hand.

Relief Parr has been working on the Jordan project ever since. Concentrating on four states—Kentucky, Georgia, Florida and Texas—he is collecting some \$1,000,000 worth of goods. Already in hand, among other things, are: three tractors, a 1/2-ton truck, a nine-passenger station wagon, an ambulance, a fire truck; 200 head of sheep, ten Jersey heifers, ten beef cattle; a raft of school supplies; \$300,000 worth of drugs, medical supplies, and hospital equipment; refrigerators, washing machines, sewing machines; salt and pepper shakers, can openers, frying pans; about 200 baby beds for a refugee children's hospital, baby bottles, diapers; agricultural tools, such as hoes, rakes, and ploughs; two pianos; two freight-carloads of lumber.

Spiritual Viewpoint. Last week slight, 61-year-old Relief Parr was in western Kentucky beating the bushes for \$5,000 to buy well-digging equipment to help Jordanians supply themselves with the Middle East's greatest need: water. This week he is scheduled to visit Atmore, Ala. (pop. 8,173), when the town will present

a new tractor and a carload of timber for the Jordan boat, scheduled to leave Oct. 1 under the name *Jordanian Friend Ship*.

Presbyterian Parr hopes he is helping fight Communism as well as discharging a Christian mission to mankind. "We must attack Communism from a spiritual viewpoint," he says. "Just the idea of friendship is worth a lot." After the trip to Jordan, he plans more one-man relief projects along the same lines. "But perhaps not on such a large scale," he admitted last week. "I'm getting old, and it takes a lot of work to get together a ship."

**THE RACE FOR THE MOON
(Continued from page 12)**

"Nor shall man in his presumption ever leap the 'impassable gulf' of space to populate other worlds with a sinful race. God has something better in store than to permit such extension of the domains of evil. First, He would redeem mankind. He would get man to lay down his weapons of rebellion and to accept His salvation. For those who heed His voice He has a city prepared 'whose builder and maker is God.' That is the city to which Abraham looked forward.

"There are those on earth today who dream of ascending to heaven by means of space ships. There are others who hope to lift themselves to heaven by their own boot straps, by their good works, by their morality. All this is a vain hope. Men are by nature lost. They must be redeemed. Without Christ they must, at death, descend like the Rich Man (of Luke 16) into Hades: there to find an impassable gulf betwixt them and paradise. In desperation the Rich Man cried out for someone to cross the gulf to come to his rescue, but he was told that it was impossible. The 'great gulf' was fixed. The only way to cross the gulf was by the Cross—by faith in the divinely ordained way of the Scriptures. Dives, the Rich Man, had refused that way and there was none other."

CONCLUSION

We do not believe that we can express ourselves better on the conclusion of the matter of the race for the moon than we did in the following paragraph written some time ago:

"The Russians' desire to conquer and dominate space can well be compared to the impious efforts of those who built the tower of Babel, a tower that would 'reach unto heaven.' God has said the earth was for the children of men, but the heavens He had reserved for Himself. The exact extent that God will permit men to encroach upon the heavens is not fully clear but it is evident a point

will be reached where God will say, 'Thus far shall thou go and no farther.' Though man may reach the moon in the Sixties, we do not look for him to establish a civilization upon it, for God has said:

'The heaven, even the heavens are the Lord's, but the earth hath he given to the children of men.' (Ps. 115:16)."

PAUL KOPP

we left with a shower of stones hitting the car. Truly we must be in the last days before the Lord's return.

Please let no one become anti-semitic (anti-Jewish) because of such doings. We must remember that so-called Christians have killed each other (over religion, politics, and commerce) by the millions.

Recently we ministered in another even poorer Mabarah, and as we left, people grabbed our hands and kissed them. One old lady even pulled my cheek down and kissed me. Christian people, it makes us sad that there is so little love for these people of whom Paul wrote, "to the Jew first and also the Gentile." Much prayer, effort, and millions of dollars are being spent on Gentiles, but so little is coming to nearly two million Jews here in Israel.

The needs here are great! A large amount is needed to pay the cost of the import duty on the Gospel car, now due. A place is needed to house those young men who are coming into this way and are no longer welcome in their homes. Some of these are very zealous and hard workers and could, with your co-operation, become St. Pauls to their people. Much traveling with gasoline nearing three times American price takes your co-operation. We have letters from all over the country, and of Israel, asking for the Bible. Some 2,400 Bibles, for the most part in Hebrew, have been distributed personally and through the mail. Jewish homes are open for us to continue with further teaching and preaching.

I talked to a preacher here who worked with the committee that attempted to get a public auditorium for Billy Graham's services. Evangelist Graham's group, after much effort with no success, had to use gathering places owned by Christians. There is no Full Gospel public meeting place in Tel-Aviv, Israel. This city is the center of a condensed population of over one-half million Jewish souls. Pray for, Go, or Give to Israel evangelism.
